

# **Experience of the SAI of Peru related to SDG 8**

**Aldo Adamo**

Supervisor of the Subdirectorate for Cooperation and International Relations  
Office of the Comptroller General of the Republic of Peru

**March 30, 2021**

# INTRODUCTION

SAI  
Peru

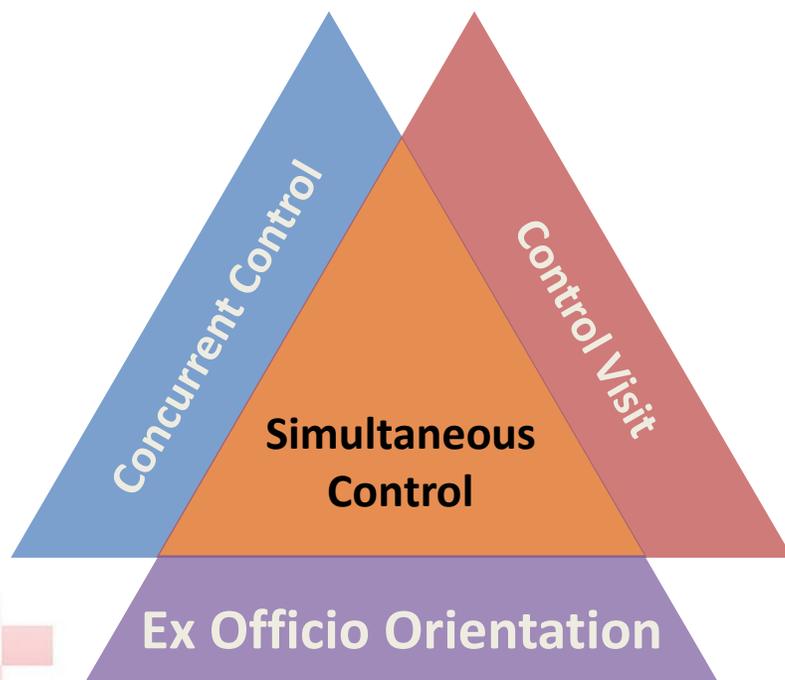

SDG

SDG8

- The Office of the Comptroller General of the Republic of Peru has carried out audits related to the preparation for implementation and the implementation of the SDGs of the United Nations 2030 Agenda.
- Among the most noteworthy audits, the SAI of Peru has carried out audits on SDG 2, SDG 6, SDG 8 and SDG 16, among others.
- At the regional level in OLACEFS, the SAI of Peru will lead a coordinated audit of SDG 3: Health and Wellbeing.
- Today we will share with you our experience related to SDG 8, in particular with regard to Indicator 8.8.1.

# EX OFFICIO ORIENTATIONS

Directive N° 002-2019-CG/NORM, approved by R.C. 115-2019-CG (28MAR2019)

- Documentary review and analysis of information linked to one or more activities of an ongoing process
- Verification that the activities are performed in accordance with applicable regulations, internal provisions or contractual or other stipulations
- **Identification of any adverse situation** that affects or may affect the continuity, outcome or achievement of the objectives of the process
- Communication to the entity for the adoption of preventive or corrective actions.
- Does not necessarily involve the physical movement of the professional or team of professionals.
- Based on information provided or obtained from various sources, and does not strictly require planning actions or is subject to predetermined deadlines.

# REVIEW RELATED TO SDG INDICATOR 8.8.1

## SDG 8 AND INDICATOR 8.8.1

- **SDG 8** is to "Promote inclusive and sustainable economic growth, employment and decent work for all".
- One of the targets of the SDG is 8.8 "Protect labour rights and promote a safe and secure working environment for all workers, including migrant workers, in particular migrant women and those in precarious employment".
- One of the ways of measuring this target is **indicator 8.8.1 "Fatal and non-fatal occupational injuries per 100,000 workers, disaggregated by sex and migration status"**.

# NATIONAL OCCUPATIONAL HEALTH AND SAFETY INDICATOR

- In Peru, since 2012, the MTPE has been responsible for presenting statistical information on occupational accidents, dangerous incidents and occupational diseases on its institutional website.
- The MTPE formulated a performance indicator referring to the number of workers with accidents per million inhabitants, belonging to the salaried employed EAP, which is measured on an annual basis.
- During the course of the Ex Officio Orientation, information on the indicator and the sub-indicators into which it is disaggregated was evaluated.

## ADVERSE SITUATION

During the implementation of the Ex Officio Orientation service, an adverse situation was identified:

- The definition of **the indicator** related to occupational safety and health **does not contemplate the disaggregation of SDG indicator 8.8.1** with regard to the migrant population, a situation that could lead to the failure to identify accidents and occupational hazards of foreign workers according to their nationality.

## RECOMMENDATION

1. Inform the General Directorate of Fundamental Rights and Occupational Safety and Health of the report on the Ex Officio Guidance, with the aim of adopting the corresponding preventive actions, within the framework of its competences and obligations in institutional management, with the objective of ensuring the result with respect to the improvements that could be implemented in the Information System of Workplace Accidents, Dangerous Incidents and Occupational Illnesses.
2. Inform the General Directorate of Fundamental Rights and Occupational Safety and Health that it must communicate to the Institutional Control Body of the MTPE, through the Action Plan, the preventive or corrective actions implemented with respect to the adverse situation contained in the report.

**THANK YOU FOR YOUR  
ATTENTION**
