

Concept Paper on the University of INTOSAI

U-INTOSAI

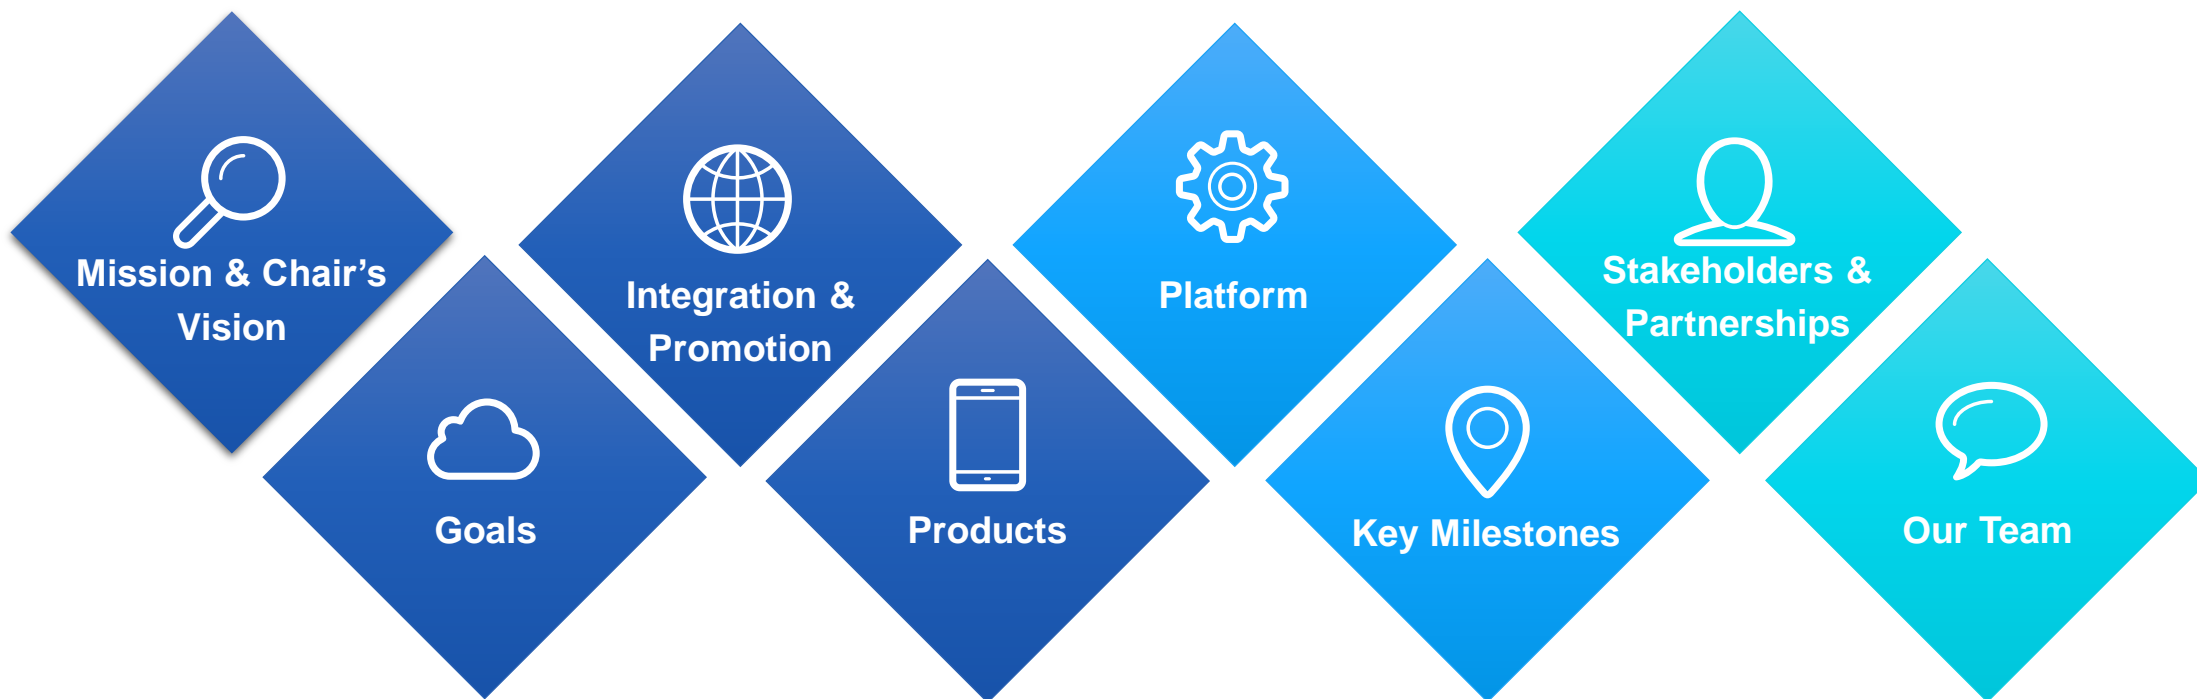

Nurturing Auditors of the Future

Contents

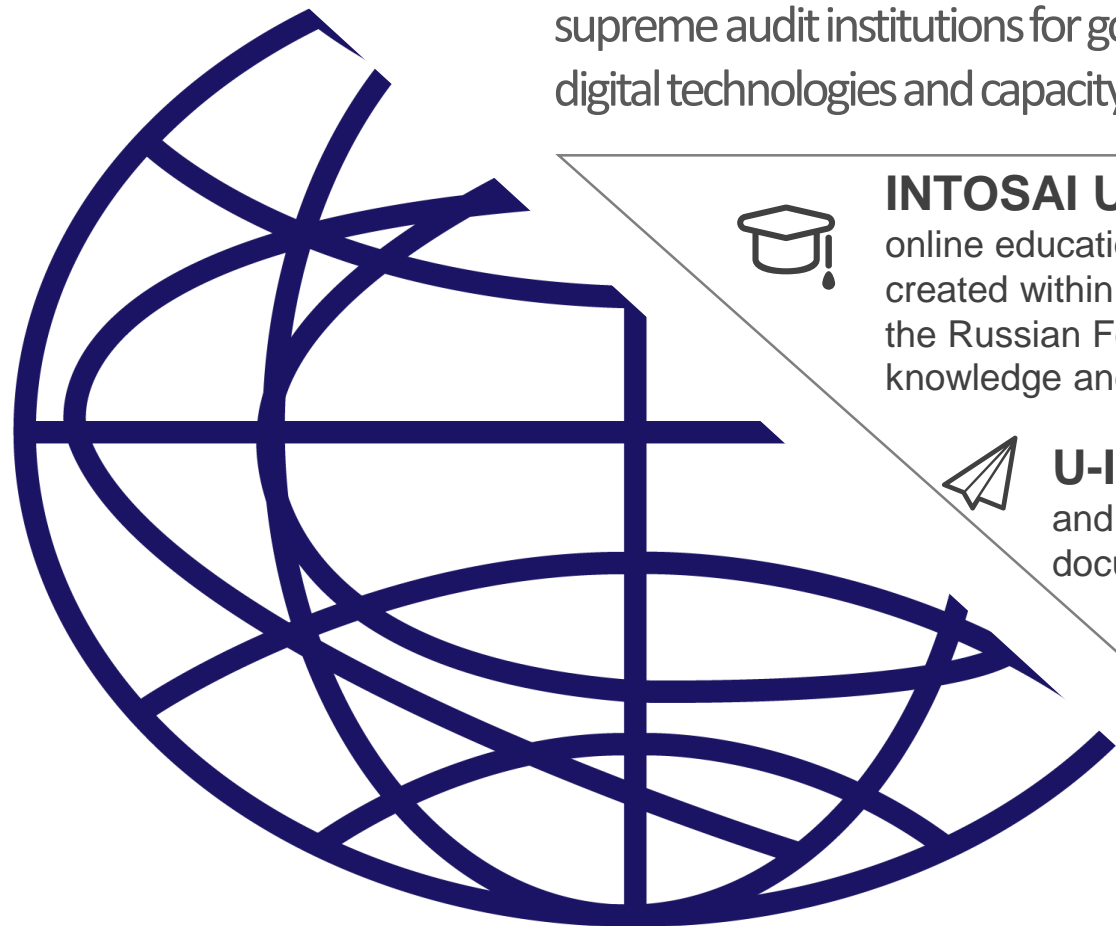

2

Mission

Our mission is to contribute to open exchange of knowledge and experience within and beyond the INTOSAI to nurture auditors of the future and promote the value of supreme audit institutions for governments, academic community and citizens using digital technologies and capacity building tools.

INTOSAI University (U-INTOSAI) is a free online educational platform for INTOSAI community, created within the framework of INTOSAI Chairmanship of the Russian Federation as a unique space for the knowledge and best practices exchange.

U-INTOSAI is an INTOSAI Chairman's tool for the promotion and implementation of the core provisions of the Congress' final documents.

U-INTOSAI is a Center of Excellence for the audit society that strengthens SAI's capacity building and global influence.

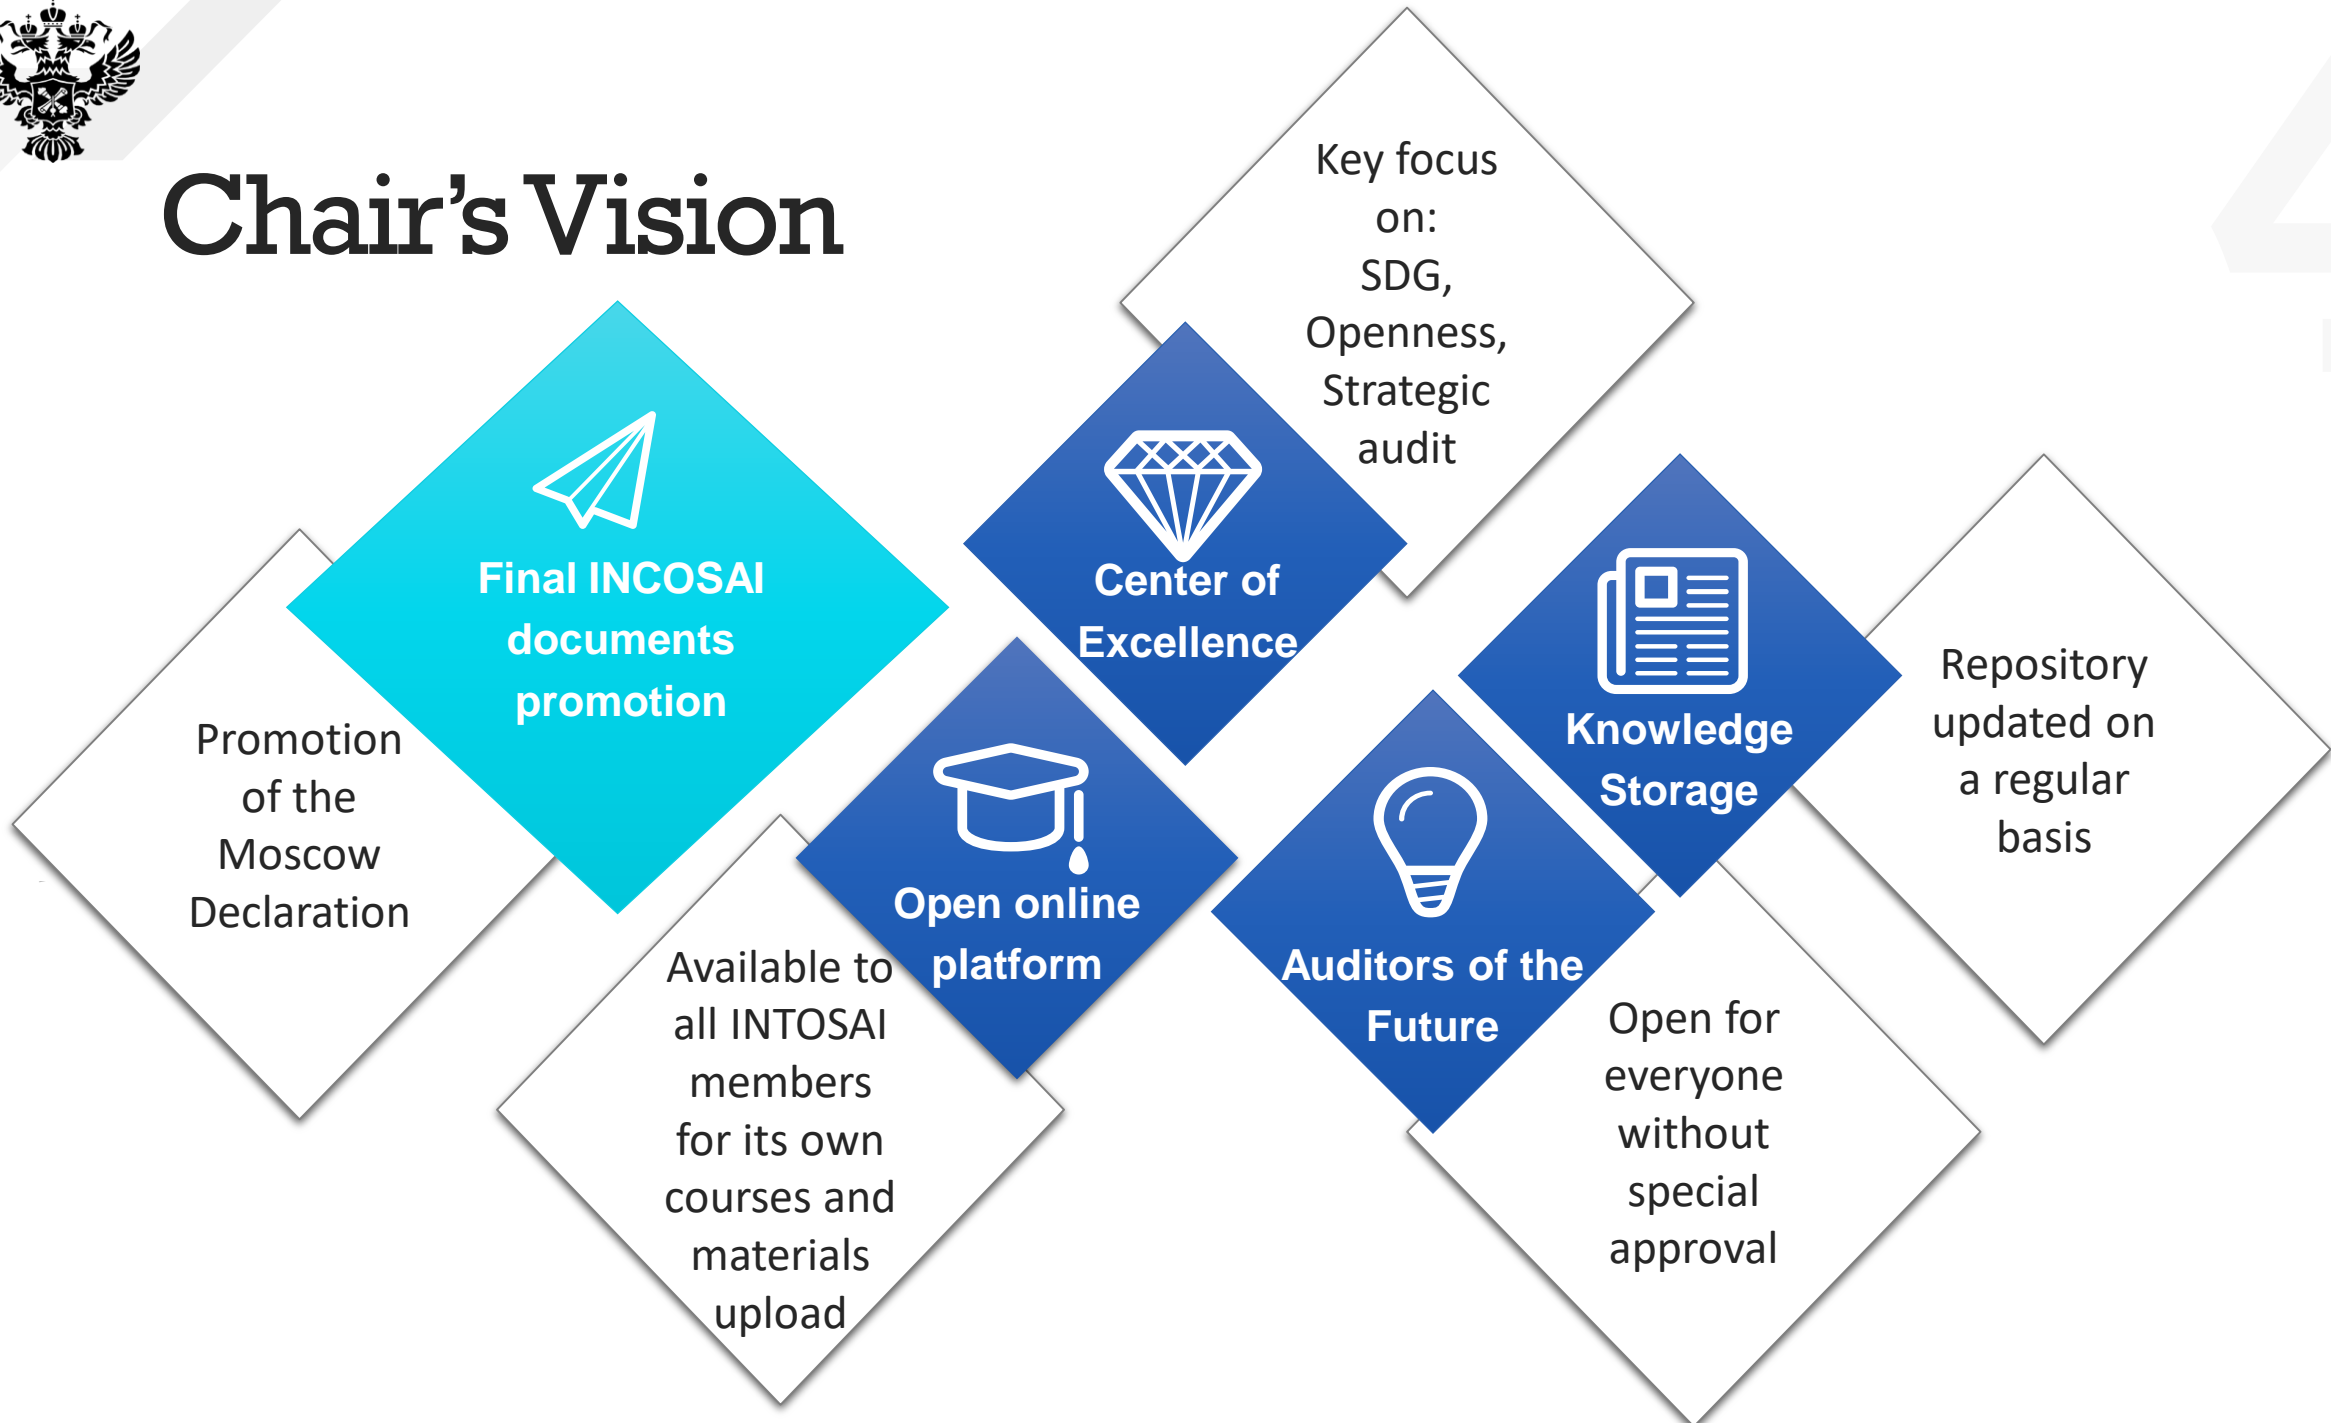

U-INTOSAI is a place to nurture auditors of the future and strengthen the existing educational initiatives.

U-INTOSAI is a storage of INTOSAI's years of experience and practice.

Chair's Vision

Goals

5

INTOSAI Community

- Integrate current INTOSAI educational activities into a digital platform
- Exchange knowledge and best practices
- Provide Capacity Building for auditors based on the best world experience
- Develop adjusted programs and courses up to the current needs and trends of the audit community
- Collect documents and materials

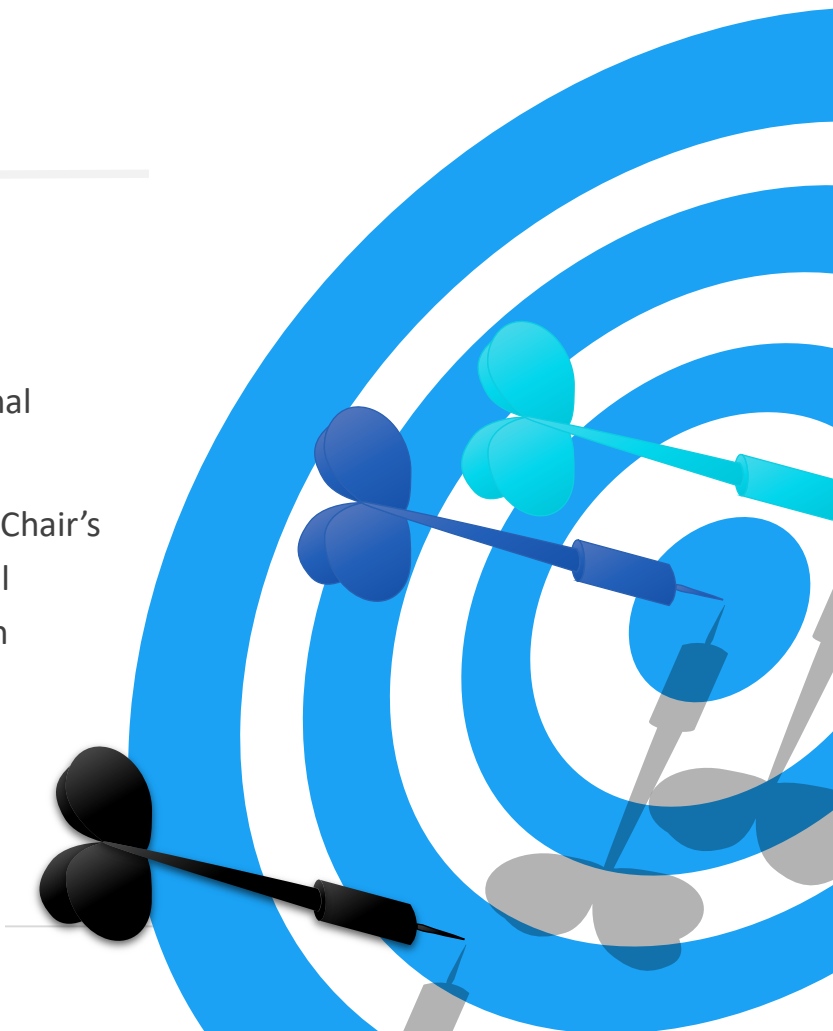

External Community

- Raise awareness of the civil society
- Increase SAI's positive impact
- Promote Good Governance
- Add value for citizens

INTOSAI Chair

- Promote INCOSAI final documents
- Strengthen INTOSAI Chair's commitment on final documents provision
